- Thai (Native)
- English

About me

I'm currently a recent fresh graduate with a degree in Electronic Computer Technology at King Mongkut's University of Technology North Bangkok.

I have front-end development experience from an internship for 4 month. I am looking for opportunities to pursue a career in Front-end development. I am passionate about utilizing my skills and gaining new experiences in front-end development.

Education

King Mongkut's University of Technology North Bangkok

Bachelor Degree, Faculty of Industrial Technology in Electronics Computer Technology.
GPA: 3.00
2022 - 2024

Suphanburi Technical College

High Vocational Certificate Computer Hardware (Basic M6 or Grade 12)
2020 - 2022

Experience

Internship   *May-August | 2024*
Multi Innovation Engineering

Front-end developer
 - Assigned to work on a maintenance reporting project for web applications by developing according to UX/UI designs in Figma, using Next.js, TypeScript, and MUI to ensure responsiveness on phone screens.
 - Integrated API

Internship   *March-May | 2021*
Thongchai Service(SuphanBuri)

Mostly, I worked as a computer technician assistant. I have learned how to resolve computer problems from the technician.

Project

Portfolio Website
 - A mini-project featuring my personal information, education and internship experience.
 - Developed using React.js, Javascript and Bootstrap
